25 November

Announcements

- This homework (HW 6) is the last homework
  - Deadline extended to tomorrow
- Will publish two practice assignments, both based on trees. Totally optional and just for studying.
- Email me ASAP if you want individualized feedback on any coding assignments.
- Final exam is Friday, December 13
  - 10:30am - 12:30am
  - content similar to worksheets; no coding element
  - can be completed either on paper or on Canvas; your responsibility to bring device if you want to complete on Canvas
  - DAC exams must be scheduled ten business days in advance (tomorrow!)
  - Ideally DAC students take exam at same day/time, but just contact me if you need a different time
  - Contact me ASAP if you otherwise need a make-up time

Resource: Code Step by Step

Can make free account at https://www.codestepbystep.com/ to practice Java programming problems! (This is the new version of Practice-It)
